Commissioner Comments:

Commissioner Treyz reiterated that there are a lot of cars that are parked on the public right-of-way that are not properly licensed. He feels it is a police matter rather than an individual citizen's matter to do something about it.

Commissioner Craig said that along Washington Ave N. there no less than six dead trees and thought that these could be removed and something else put in their place, but at this point it would look better just with them gone. Also, he was questioning as to whether or not the Town Council has adopted any Design Standards? He is interested in seeing some plans for the Multicare facility and what they are proposing to build. At what stage are the plans? Some questions for the Mayor.

Commissioner Beach made motion to have staff give a report on the Design Standards.

Commissioner Schmit seconded the motion. Carried.

Commissioner Treyz thought that the town may have an informal policy that any trees that have been removed have been replaced. He suggested that the town consider replacing any trees that they remove.

Chairman Lambert called for a motion to adjourn.

Commissioner Beach motion to adjourn. **Commissioner Schmit** seconded. Carried. Adjourned at 7:09 p.m.
