Minority/Women Business Enterprise Goals

SUMMARY

In compliance with regulations issued by the U.S. Department of Housing and Urban Development (HUD), Pierce County has established a policy to foster an environment that encourages economic growth and diversification, business development and retention, capital formation and investment, increases competition, reduces unemployment, and promotes business development in Pierce County. That policy is defined herein and is to be incorporated in all County and Subgrantee contracts for capital improvements funded in whole or in part with HUD funds.

Pierce County encourages a “good faith effort” to utilize minority business enterprises (MBE’s) and women owned business enterprises (WBE’s) certified by the State Office of Minority and Women's Business Enterprise (OMWBE) to counter the effects of past and present discrimination in the contracting industry and to prevent the County from becoming a passive participant in the perpetuation of racial and sexual discrimination.

NOTE: Federally funded projects are not subject to Initiative I-200. Further, the program provides that the County's contractors, subcontractors and suppliers shall not unlawfully discriminate against their employees or applicants for employment on the basis of race, creed, color, sex, sexual orientation, age, disability, veteran status, marital status, national origin, the presence of any sensory, mental or physical disability. It requires that construction contractors and their subcontractors comply with certain federal contracting and labor standards laws and practices as noted in the agreement for the federally funded project. The program also provides that all parties doing business with the County shall be encouraged to utilize local businesses and Pierce County residents where qualifications and cost effectiveness are deemed competitive.

Consistent with that policy and program, Pierce County has provided guidance for assistance to certified women and minority owned businesses, and for implementing equal employment opportunities, HUD Section 3 requirements and labor standards which are contained in the following attachments. This guidance does not replace the Contractor’s and/or Subcontractor’s obligations under county, state and/or federal regulations.

PIERCE COUNTY BUSINESS AND EMPLOYEES

Pierce County has identified discrimination in the areas of contracting and employment within the boundaries of Pierce County. Therefore, actions taken to counter the effects of such discrimination or to provide economic assistance should be directed, to the greatest degree possible, to those women and minority firms normally doing business within Pierce County and to those individuals regularly employed in Pierce County.

EQUAL EMPLOYMENT OPPORTUNITY RESPONSIBILITIES

Contractors and subcontractors shall comply with the EEO and training specifications and requirements in federal, state and local requirements pertaining to the utilization of minorities and women as employees and trainees on this capital facilities project. In addition, the bidder (prime contractor) and its subcontractors and suppliers shall not unlawfully discriminate against

any employee, or applicant for employment on the basis of race, creed, color, sex, sexual orientation, age, disability, veteran status, marital status, national origin, the presence of any sensory, mental or physical disability, or the use of a trained guide dog or service animal by a disabled person.

GOALS

Pursuant to applicable federal and local regulations and requirements, the County has established separate and distinct goals for minority and women employment for this capital facilities contract and all subcontracts in the amount of:

10% for employment of minorities; and 6.9% for employment of women.

The State of Washington has established the following Minority and Women Business Enterprise (MWBE) goals. These goals are voluntary, but achievement of the goals is encouraged. No preference will be included in the evaluation of bids/proposals, no minimum level of MWBE participation shall be required as a condition of receiving an award or completion of the contract work, and bids/proposals will not be rejected or considered non-responsive on that basis. Bidders may contact the State Office of Minority and Women Enterprises at 1-866-208-1064.

<u>Class of contract</u>	<u>MBE%</u>	<u>WBE%</u>
Construction/Public Works	10	6
Architects/Engineers	10	6
Professional Services	10	4
Purchased Services	10	6
Purchased Goods	8	4

Goals established by the Department of Labor for federal projects:

<u>Federal goals</u>	<u>MBE%</u>	<u>WBE%</u>
Nationwide	-	6.9%
Pierce County, WA	6.2%	-

All necessary affirmative steps to assure that minority firms, women’s business enterprises, and labor surplus are firms are used when possible.

Affirmative steps shall include:

1. Placing qualified MBE/WBE on solicitation lists;
2. Assuring that MBE/WBE are solicited whenever there are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by MBE/WBE.
4. Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce and the State Office of Minority and Women Business Enterprises.

SCOPE

These goals are for the contractor's and each subcontractor's aggregate workforce in each trade on all construction in Pierce County, whether or not such work is funded by the County.

To the best of the contractor's/subcontractor's ability, the hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the contractor/subcontractor shall make a "good faith effort" to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from contractor to contractor or from project-to-project for the sole purpose of meeting the contractor's goals shall be a violation of the intent of this provision. Compliance with the goals will be measured against the total work hours performed.

Pierce County does not require the contractor/subcontractor to terminate, layoff, or re-assign any person employed by the contractor/subcontractor as part of its full-time staff at the commencement of this capital facilities project in order to achieve these goals and "good faith efforts"; however, should the contractor/subcontractor add new apprentices, employees or trainees to its Pierce County area workforce during the life of this capital facilities contract, then that contractor/subcontractor shall make a "good faith effort" to meet the minority and women employment goals in accordance with the specifications set forth herein.

Section 3 Requirements for HUD Funded Public Works Projects

I. GENERAL
