OLD BUSINESS

Comprehensive Plan – Review / Process

Scott Clark, Larson and Associates - Consulting planner to the Town of Eatonville explained that this is the first of many meetings to come. The amendments were started back in June, 2012 and that was the last time the Comprehensive Plan was worked on and the work was done by the University of Washington students. Scott explained that this book will be called Draft "A". There were several issues that need to be addressed but foremost is the Urban Growth Area (UGA) map. The map is incorrect as it stands now. The Comprehensive Plan was originally due in June, 2015. There are several other jurisdictions that are in the same situation.

It was discussed how the commissioners would like to receive their information. Most accepted received their information via email. Mr. Bertoia will receive his information via hard copy.

It was also discussed having additional meetings. Most commissioners did not have a problem with this as long as they knew about the meeting well in advance and received their information in time to review for the meeting.

COMMENTS FROM COMISSIONERS

Commissioner Beach said that he saw Chuck McTee and he said he was not coming anymore because he could not hear what the commissioners were saying.

Next meeting: TBD
