Recent Events

Training

We have met our 2018 training requirements with the exception of a defensive tactics class for Officer Gill and I. I am working on another class with P.C.S.D.

Officer Gill has agreed to attend a Taser instructor course before the end of the year.

Management Activities

We are in the process of replacing our Taser Conductive Electronic Weapons. Our current issue are 4 years out of warranty. These new tasers will be under warranty for 5 years.

By the end of next year, EPD will have all officers carrying the same caliber sidearm. This will simplify our ammo replenishment process. Eventually, I would like to see all EPD officers carrying interchangeable

firearms. We currently issue the Smith and Wesson M&P .40 Officers are allowed by contract to carry their own firearm as long as it passes inspection of an armorer and is of an acceptable caliber.
