3. Any commercial use within the aerospace district shall provide for a six-foot-wide buffer on each side of the commercial use when it abuts residential property. If the adjacent residential properties are not as yet developed, the planning director may require, as a condition of issuing a building permit, a landscaping plan to be completed at a future date set by the planning commission. **18.12.010 Findings, purpose, and intent.**

A. In November 2012, Washington voters passed Initiative 502, which established precedent for the production, processing and retail sale of marijuana for recreational purposes. Pursuant to chapter 69.50 RCW, the State has adopted rules establishing a state-wide regulatory and licensing program for marijuana uses (chapter 314-55 WAC). It is therefore desirable for the Town to establish local regulations to address such uses.

B. The purpose of these regulations is to establish zoning regulations where state-licensed recreational marijuana producers, processors and retail outlets may locate in the Town, and to describe the restrictions upon such uses. In addition to compliance with this Ordinance, every recreational marijuana processor, producer and retail outlet shall obtain a Town business license under chapter 5.04 of the Eatonville Municipal Code (EMC).

C. These regulations are intended to 1) ensure that state-licensed marijuana uses are located and developed in a manner that is consistent with the desired character and standards of the Town of Eatonville; 2) minimize potential incompatibilities and impacts; and 3) protect the public health, safety, and general welfare of the citizens of Eatonville.

D. No part of this Ordinance is intended to or shall be deemed to conflict with federal law, including but not limited to, the federal Controlled Substances Act, 21 U.S.C. Section 800 et seq., the state Uniform Controlled Substances Act (chapter 69.50 RCW) nor to otherwise permit any activity that is prohibited under either Act, or any other local, state or federal law, statute, rule or regulation. Nothing in this Ordinance shall be construed to supersede Washington state law prohibiting the acquisition, possession, manufacture, sale or use of medical cannabis or recreational marijuana in any manner not authorized by chapter 69.51A RCW or chapter 69.50 RCW. Nothing in this Ordinance shall be construed to supersede legislation prohibiting persons from engaging in conduct

that endangers others, or that creates a nuisance, as defined herein. It is the intention of the Town Council that this Ordinance be interpreted to be compatible with federal and state enactments and in furtherance of the public purposes that those enactments encompass.

**18.12.020 Applicability.**

A. The provisions of this chapter shall apply Town-wide. The specific development standards provided herein shall be in addition to the zoning and development standards generally applicable to the proposed use and the relevant zoning district.

B. No person or use that purports to be a marijuana producer, processor, or retailer, as defined and regulated herein and in chapter 314-55 WAC, that was engaged in that activity prior to the enactment of this Ordinance shall be deemed to have been a legally established use or entitled to claim legal non-conforming status.

**18.12.030 Location criteria.**

A. As provided in RCW 69.50.331(8) and WAC 314-55-050, no recreational marijuana producer, processor or retail outlet may locate within one thousand (1,000) feet of any of the following:

B. The methodology for measuring the buffers described above shall be measured as the shortest straight line from property line to property line, as provided in WAC 314-55-050.

C. It shall be the responsibility of the owner or operator of the proposed state-licensed marijuana use to demonstrate and ensure that a proposed location is not within one of the buffers outlined above.

D. No recreational marijuana producer, processor or retail outlet may locate within any residentially zoned district or within any residential unit in the Town.

E. Marijuana producers, processors, and retailers shall not located in a mobile structure.

**18.12.050 Licenses required.**

WARNING:

The Town of Eatonville Police Department must be notified of all disorderly acts, conduct or disturbances and all unlawful activities which occur on or within the premises of this licensed establishment.

C. It shall not be a defense to a prosecution of a code enforcement action under this section that the licensee was not personally present on the premises at the time such unlawful activity, disorderly act, conduct or disturbance was committed; however, no agent or employee of the licensee shall be personally responsible for failing to report any disorderly act, conduct or disturbance and any unlawful activity hereunder if such agent, servant or employee was absent from the premises at the time such activity was committed.

**18.12.080 Visibility of activities; control of emissions.**

A. All activities of the recreational marijuana business, including, but not limited to, cultivating, growing, processing, displaying, manufacturing, selling and storage, shall be conducted out of the public view within a fully enclosed secure indoor facility or greenhouse with rigid walls, a roof, and doors.

B. No recreational marijuana, products, or paraphernalia shall be displayed or kept in a business so as to be visible from outside the licensed premises.

C. Sufficient measures and means of preventing smoke, odors, debris, dust, fluids and other substances from exiting the recreational marijuana business must be in effect at all times. In the event that any odors, dust, fluids or other substances exit a recreational marijuana business, the owner of the subject premises and the licensee shall be jointly and severally liable for such conditions and shall be responsible for the immediate, full clean-up and correction of such condition. The licensee shall properly dispose of all such materials, items and other substances in a safe, sanitary and secure manner and in accordance with all applicable federal, state and local laws and regulations.

Re: Amendments to the Eatonville Zoning Code regarding Recreational Marijuana

---

At its regularly scheduled January 14, 2019 meeting, the Eatonville Town Council voted to refer to the Planning Commission the task of evaluating and recommending amendments to the Eatonville Zoning Code that would allow recreational marijuana businesses to operate within Town limits.

This memorandum documents the action taken by the Eatonville Planning Commission at the request of the Town Council regarding proposed amendments to the Zoning Code relating to recreational marijuana.

On February 19, 2019, the Planning Commission met to consider amendments to the Zoning Code regarding the production, processing, and retail sale of recreational marijuana within Town limits. Town staff prepared and the Planning Commission reviewed: 1) draft amendments to the Eatonville Zoning Code; 2) a map illustrating the areas within the Town's boundaries and within the Town's urban growth area where recreational marijuana businesses could be sited under the proposed amendments (Exhibit B); and 3) a list of 26 parcels where recreational marijuana businesses could be sited under the proposed amendments (Exhibit C).

On April 15, 2019, the Planning Commission held a duly noticed public hearing in accordance with EMC 18.09.050(B). Three members of the public testified to the Planning Commission. No one spoke in opposition to the substance of the proposed regulations, although two of the speakers expressed support for an outright ban on the sale of recreational marijuana. After the public hearing was closed, the Planning Commission considered the testimony of the public and reviewed certain sections of the proposed amendments with staff.

In accordance with EMC 18.09.050(D), the Planning Commission makes the following findings:

1. In developing its recommendation, the Planning Commission considered the following documents: proposed amendments to the Eatonville Zoning Code (Exhibit A); a map illustrating the areas within the Town's boundaries and within the Town's urban growth area where recreational marijuana businesses could be sited under the proposed amendments (Exhibit B); and a list of 26 parcels where recreational marijuana businesses could be sited under the proposed amendments (Exhibit C);

2. Based on the results of the November 2018 advisory vote, the citizens of Eatonville are evenly split on the issue of whether to ban or allow recreational marijuana businesses within Town limits;
3. The proposed amendments would severely restrict the areas within the Town where recreational marijuana could be sold;
4. Under the proposed amendments, the only areas where recreational marijuana could be produced or processed are outside the Town's limits but within the Town's urban growth area;
5. The proposed amendments to the Zoning Code are consistent with state law and similar in form and substance with the regulations adopted by other municipalities that allow the production, processing and retail sale of recreational marijuana

At the conclusion of the Planning Commission's discussion, the following motion was unanimously adopted:

MOVED that the amendments to the Eatonville Zoning Code regarding the production, processing, and retail sale of recreational marijuana be recommended to the Town Council for its review and approval.

A copy of the proposed amendments are attached to this memorandum as Exhibit A.
