TOWN OF EATONVILLE

2020 BUDGET

INFORMATION ABOUT THE TOWN

The Town of Eatonville was incorporated on October 28, 1909 and operates under the laws of the State of Washington applicable to a fourth class town with a mayor-council form of government, that consists of five elected Council members and an independently elected mayor.

FORM OF GOVERNMENT

In a mayor-council form of government, policy and administration are separated. The principal job of the town council is to make policy. Councils rely on ideas from many sources, including staff, citizens' groups, advisory committees and others. It is the council's responsibility to consider the merits of each idea and then approve, modify or reject it. In doing so, council members analyze community needs, program alternatives and available resources. The decision often takes the form of an ordinance or resolution, although it may take the form of a rule, regulation, motion or order. The budget is a powerful policy tool that is adopted by ordinance. The mayor is the Chief Executive of the town and is responsible for implementing policy that has been adopted by the council, personnel matters, working with staff to develop the preliminary budget and representing the town as the official spokesperson in accordance with views or goals set by council.

Special Meetings- Special meetings may be called by the mayor or in accordance with RCW 42.30.080 by any three members of the council. The town clerk shall prepare a notice of the special meeting stating the time, place and business to be transacted.

Study Sessions or Workshops- The council may meet informally in a study session, at the call of the mayor or of three or more members of the council, to review forthcoming programs of the Town, receive progress reports on current programs or projects or receive other similar

information from department heads. The discussions and conclusion at a study session or workshop must remain informal and no official action can take place. Study sessions are normally held directly before a council meeting.

Standing Council Committee Meetings- Council may appoint standing council committees to expedite the legislative governmental processes. Standing council committees performing a legislative function shall be composed of currently serving council members only. Standing council committees shall consist of a maximum of two council members appointed by the council in January of each year. Standing council committees may make recommendations on proposed ordinances, resolutions and other matters of a legislative nature, within their area of responsibility before action is taken by the full council. A monthly schedule of committee meetings is posted on the Town's Facebook page and on the Town website www.eatonville-wa.gov.

ACCOUNTING AND BUDGET

As required by state law, the Town of Eatonville's accounting and budgeting systems are organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities.

The operating budget is a municipality's most important work product. The budget serves a number of functions. At the most basic level it is a legal document that gives local government officials the authority to incur obligations and pay expenses. It allocates resources among departments, reflecting the legislative body's priorities and policies, and controls how much each department may spend.

The Town reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System* (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW.

Financial Policies- In 2012, the Town adopted Financial Policies that were amended in 2014. Written, adopted financial policies have many benefits, such as assisting elected officials and staff in the financial management of the Town, saving time and energy when discussing financial matters, inspiring public confidence and providing continuity over time as elected officials and staff members change. They promote sound financial management and assist in the Town's stability, efficiency and effectiveness.

Reserves- Financial policies established a strategic reserve, which is defined as an emergency or cash flow reserve to fund one-time, emergency, or unanticipated expenditure requirements or offset unanticipated revenue fluctuations occurring in the fiscal year or one-time revenue losses. All expenditures drawn from the reserve require prior council approval unless previously authorized by the town council for expenditure in the annual budget. Since 2018 we have met our goal of maintaining a ten (10) percent of the budgeted General Fund operating revenues and ten (10) percent of each Enterprise Fund adopted operating expenditures. The Mayor and Town staff work diligently to meet and maintain this goal.

FUNDS

The Town of Eatonville adopts an annual budget. The budget is adopted at the fund level and constitutes the legal authority for expenditures at that level. Annual appropriations for these funds lapse at the fiscal year end.

Fund 001 – General Fund

General operating fund of the Town that provides funding for basic government services. The General Fund is comprised of revenues received from a combination of property taxes, sales tax, utility tax, administrative services, state generated revenue and miscellaneous fees derived from charges for services.

Basic services include:

- Police
- Fire/EMS
- Streets
- Community Center
- Finance
- Legislative
- Capital
- Cemetery
- Parks
- Court
- Planning/Building

Fund 101 – Street Fund

The Street Fund is used for maintenance and repairs of the Town streets and arterials located within the Town limits. It also pays for street lighting and costs.

Revenue sources for the Street Fund are limited and mostly come from Motor Vehicle Fuel Tax and grants.

Fund 102 – Transportation Benefit District

Revenue from this fund is a vehicle license fee of \$20.00. Expenses from this fund must be approved by the Town Council and may only be used for transportation improvements included in a local, regional or state transportation plan. Improvements can range from construction, maintenance, sidewalks and operation costs.

Fund 110 - Tourism Fund

Revenue for this fund is restricted to a specific purpose and comes from a tax imposed on all charges for furnished lodging at hotels, motels and similar establishments for a continuous period of less than one month. Expenses from this fund must be used for activities, operations and expenditures designed to increase tourism as defined by RCW 67.28.080.

Fund 130 - REET Fund

A real estate excise tax is levied on all sales of real estate, measured by the full selling price, including the amount of any liens, mortgages and other debts given to secure the purchase. Expenses from this fund can be spent for any capital purpose identified in a capital improvement plan and local capital improvements including public works projects of a local government for

planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems and planning, construction, reconstruction, repair, rehabilitation or improvement of parks.

Fund 401 – Electric Fund

The Electric Fund is classified as an Enterprise Fund and is a self supporting fund that is funded through user charges. State law requires this fund to be totally self-supporting. Revenues are primarily based on fees for electric usage, late fees and investment interest. Appropriations for expenditures include supplies, utilities, salaries, benefits, inter-fund transfers, inventory purchases, repairs and maintenance and purchase of power from Bonneville Power Association.

Fund 403 – Electric Capital Fund

The Electric Capital Fund is a Capital Project Fund type and is funded from hook-up charges for new service connections and inter-fund transfers from the Electric Fund. This fund is used for the development and implementation of improved electric service in the Town of Eatonville and for capital purchases.

Fund 410 – Water Fund

The Water fund is classified as an Enterprise Fund and is a self supporting fund that is funded through user charges. State law requires this fund to be totally self-supporting. Revenues are primarily based on fees for water usage, late fees and investment interest. Appropriations for expenditures include supplies, professional services, utilities, salaries, benefits, inter-fund transfers, inventory purchases, loan payment and repairs and maintenance.

Fund 414 – Water Capital Fund

The Water Capital Fund is a Capital Project Fund type and is funded from water buy-in fees and inter-fund transfers from the Water Fund. This fund is used for the development and implementation of improved water service in the Town of Eatonville and for capital purchases.

Fund 411 – Sewer Fund

The Sewer fund is classified as an Enterprise Fund and is a self supporting fund that is funded through user charges. State law requires this fund to be totally self-supporting. Revenues are primarily based on fees for sewer service, late fees and investment interest. Appropriations for expenditures include supplies, professional services, utilities, salaries, benefits, inter-fund transfers, inventory purchases, loan payment and repairs and maintenance.

Fund 415 – Sewer Capital Fund

The Sewer Capital Fund is a Capital Project Fund type and is funded from sewer buy-in fees and inter-fund transfers from the Sewer Fund. This fund is used for the development and implementation of improved sewer service in the Town of Eatonville and for capital purchases.

Fund 450 – Storm Drain Fund

The Storm Drain fund is classified as an Enterprise Fund and is a self supporting fund that is funded through user charges. State law requires this fund to be totally self-supporting. Revenues are primarily based on fees for Storm Drain service, late fees and investment interest.

Appropriations for expenditures include supplies, professional services, salaries, benefits, inter-fund transfers and repairs and maintenance.

Fund 452– Storm Drain Capital Fund

The Storm Drain Capital Fund is a Capital Project Fund type and is funded from storm drain buy-in fees and inter-fund transfers from the storm drain Fund. This fund is used for the development and implementation of improved storm drain service in the Town of Eatonville and for capital purchases

Fund 460 – Refuse Fund

The Refuse fund is classified as an Enterprise Fund and is a self supporting fund that is funded through user charges. State law requires this fund to be totally self-supporting. Revenues are primarily based on fees for refuse service and investment interest. Appropriations for expenditures include contract costs to Pierce County Refuse, supplies and professional services.

Dear Residents of Eatonville and Town Council Members:

I submitted the 2020 balanced Annual Budget and it continues to reflect our ongoing financial strategy to improve the financial condition of our Town. The 2019 Budget was executed successfully and we are ending the year in a positive position. We continue to look at ways to make our revenue go farther. One of those ways is looking and applying for grant opportunities. We were selected to receive a Puget Sound Regional Council grant to complete the second phase of the Washington Ave Streetscape project. The first phase was the new intersection and streetlight with construction starting in mid-2021. We are excited to start construction on three additional road improvement projects funded by grants from the Transportation Improvement Board (TIB).

The Town Council and staff deserve great credit for all the work completed, the flexibility in adjusting to new project opportunities with limited resources, and continuing the support for stronger, conservative fiscal stewardship. Attention and diligence in budgeting and spending has allowed the Town of Eatonville to improve its financial position.

The Town's core mission remains the same: to create a highly livable community by working in partnership with our citizenry and balance the following budget principles:

1. Improve the financial stability of the Town.
2. Provide the highest level of police, fire, and emergency medical services (EMS) within our available resources.
3. Deliver quality public services and preserve the character of the Town.

The Annual Budget has been shaped to build on our current budget strategy and philosophy. Included within the budget are resource allocations to fund the current level of public safety while looking for a funding model to provide a sustainable level of services within our available resources going forward. This is an area requiring further discussion in 2020 to address adequately funding our current level of public safety.

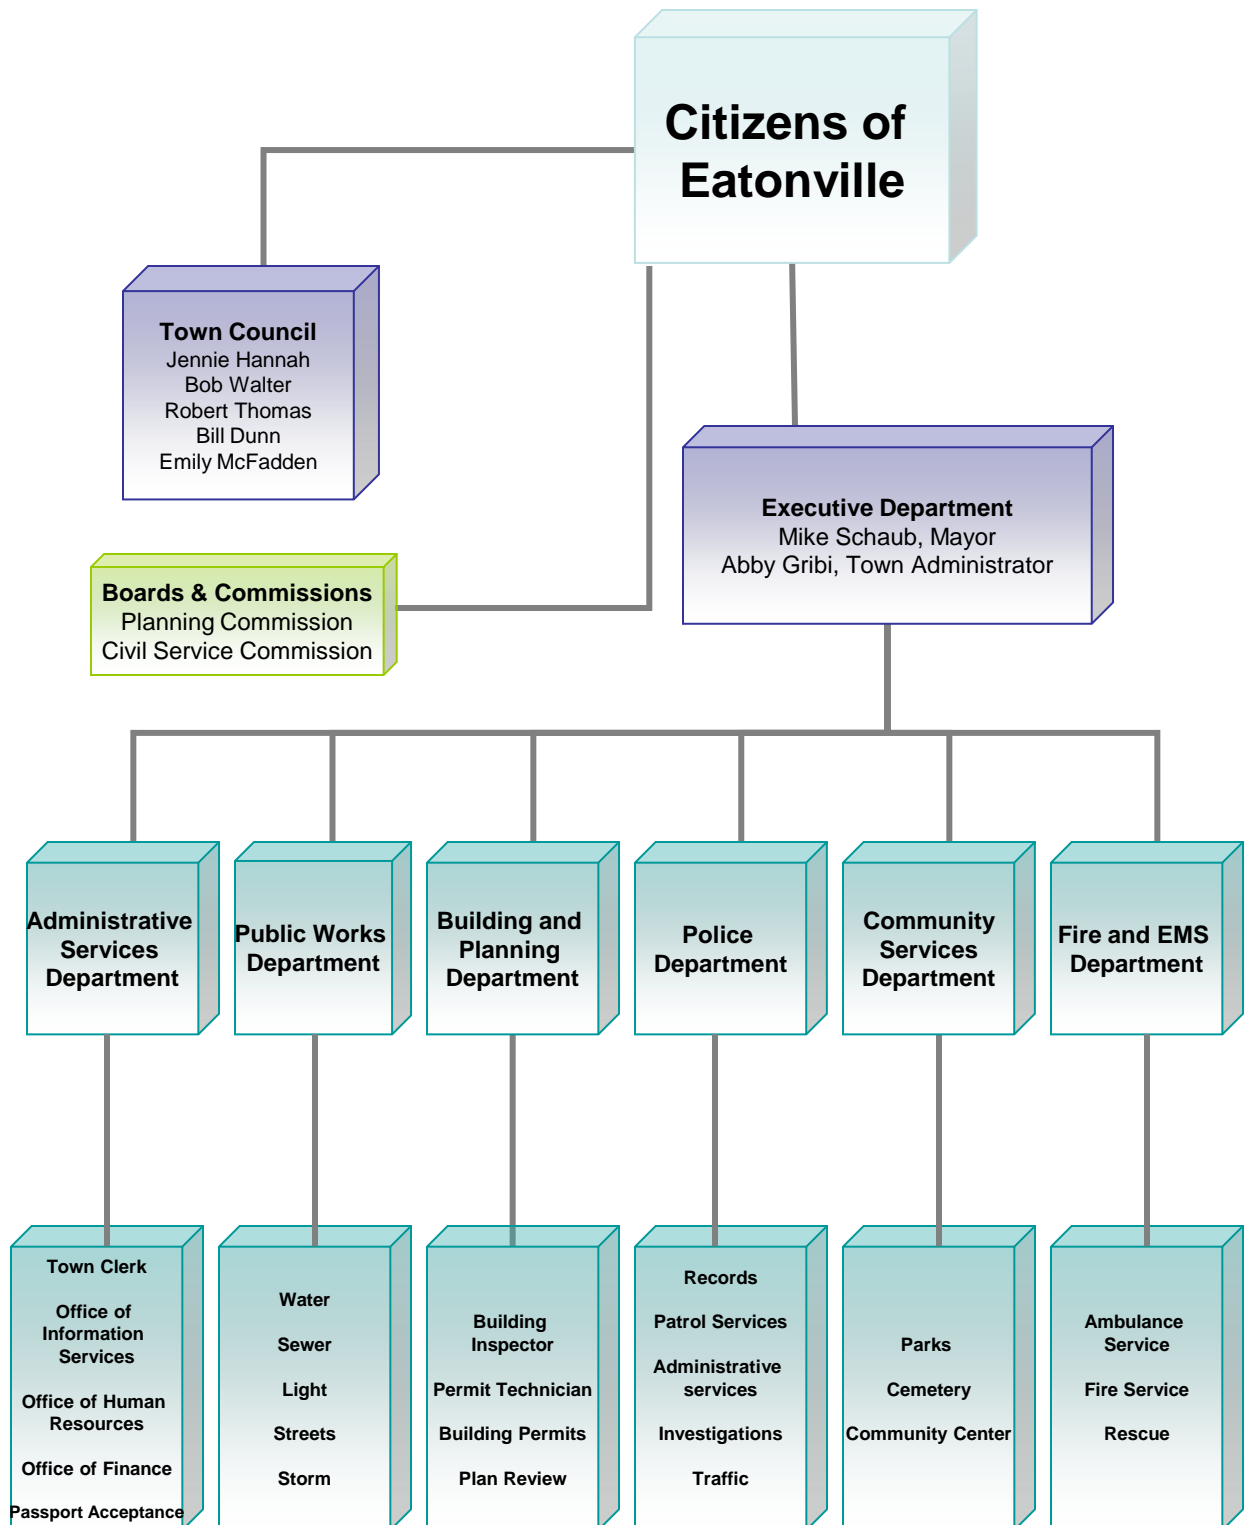

The budget process is a collaborative effort including the Mayor, Town Council, Staff, and citizen input and ensures that the Town of Eatonville will operate in financial balance. Our financial goals remain the same:

1. Live within our means.
2. Do not pay for ongoing expenditures with one-time revenues.
3. Continue to build adequate reserves.
4. Include sufficient maintenance and replacement funds to properly maintain capital facilities and equipment.

I believe the 2020 Annual Budget provides a plan to achieve those goals.

Sincerely,

Mike Schaub, Mayor

HOW DOES THE TOWN PROCESS OR CREATE LAW?

GLOSSARY OF TERMS

ACCOUNTING SYSTEM:

The total set of records and procedures which are used to record, classify, and report information on the financial status and operations of an entity.

ACCOUNTS PAYABLE:

A short-term liability account reflecting amounts owed to private persons or organizations for goods and services received by a government.

ACCOUNTS RECEIVABLE:

An asset account reflecting amounts due from private persons or organizations for goods and services furnished by a government (but not including amounts due from other funds or other governments).

ALLOCATION:

To set aside or designate funds for specific purposes. An allocation does not authorize the expenditure of funds.

ANNUAL DEBT SERVICE:

The amount required to be paid in a calendar year for (1) interest on all parity bonds then outstanding; (2) principal of all Parity Bonds then outstanding, but excluding any outstanding term bonds, and (3) payments into any Sinking Fund Account for the amortization of outstanding parity bonds divided by the number of calendar years to the last maturity or mandatory redemption date thereof.

ANNUAL FINANCIAL REPORT:

(AFR) The official annual report of a government. It includes (a) the five combined financial statements in the combined statements-overview and their related noted and (b) combined statements by fund type and individual fund and account group financial statements prepared in conformity with GAAP and organized into a financial reporting pyramid. It also includes supporting schedules necessary to demonstrate compliance with finance-regulated legal and contractual provisions, required supplementary information, extensive introductory material and a detailed statistical section.

APPROPRIATION:

An authorization made by the Town Council, which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period.

APPROPRIATIONS ORDINANCE:

The official enactment by the Town Council established the legal authority for Town officials to obligate and expend resources.

ASSESSED VALUATION:

The estimated value placed upon real and personal property by the Pierce County Assessor as the basis for levying property taxes.

ASSETS:

Property owned by a government which has monetary value.

AUDIT:

A systematic examination of resource utilization concluding in a written report. It is a test of management's internal accounting controls and is intended to: ascertain whether financial statements fairly present financial position and result of operations test whether transactions have been legally performed identify areas for possible improvements in accounting practices and procedures ascertain whether transactions have been recorded accurately and consistently and ascertain the stewardship of officials responsible for governmental resources.

AUDITOR'S REPORT:

In the context of a financial audit, a statement by the auditor describing the scope of the audit and the auditing standards applied in the examination, and setting forth the auditor's opinion on the fairness of presentation or the financial information in conformity with generally accepted accounting practices or some other comprehensive basis system of accounting.

BALANCE SHEET:

A statement presenting the financial position of an entity by disclosing the value of its assets, liabilities, and equities as of a specified date.

BARS:

The State of Washington prescribed Budgeting, Accounting, Reporting System Manual for which compliance is required for all governmental entities in the State of Washington.

BASE BUDGET:

Ongoing expense for personnel, contractual services, and the replacement of supplies and equipment required to maintain service levels previously authorized by the Town Council.

BASIS OF ACCOUNTING:

A term used to refer to when revenues, expenditures, expenses and transfers-and the related assets and liabilities-are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurements, on either the cash or accrual method.

BENEFITS (PERSONNEL):

Employer contributions paid by the Town as part of the conditions of employment. Examples include health/dental insurance, state public employees' retirement system, city retirement system, and employment security.

BOND:

A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures.

BONDED DEBT:

That portion on indebtedness represented by outstanding bonds.

BUDGET (OPERATING):

A plan of financial operation embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceilings under which the Town and its departments operate.

BUDGET AMENDMENT:

A change to a budget adopted in accordance with State Law. A budget may be amended to increase expenditures/expenses at the fund level by ordinance without public notice or public hearing requirements, when unanticipated revenues occur or emergencies exist.

BUDGET CALENDAR:

The schedule of key dates or milestones, which the Town follows in the preparation and adoption of the budget.

BUDGET DOCUMENT:

The instrument used to present a comprehensive financial program to the appropriating governing body. The budget document usually consists of three parts. The first part contains a message from the budget-making authority, together with a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the past years' actual revenues, expenditures and other data used in making the estimates. The third part is composed of drafts of the appropriation, revenue and borrowing measures necessary to put the budget into effect.

CAPITAL ASSETS:

Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets.

CAPITAL BUDGET:

A plan of proposed capital expenditures and the means of financing them. The capital budget may be enacted as part of the complete annual budget including both operating and capital outlays. The capital budget is based on the Capital Improvement Plan (CIP).

CAPITAL IMPROVEMENT PROGRAM:

A plan of proposed capital expenditures to be incurred each year over a period of six future years setting forth each capital project, identifying the expected beginning and ending date for each project, the amount to be expected in each year, and the method of financing those expenditures.

CAPITAL PROGRAM:

A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance the projected public facilities.

CAPITAL OUTLAY:

Expenditures, which result in the acquisition of or additions to fixed assets. Examples include land, buildings, machinery and equipment, and construction projects.

CAPITAL PROJECTS:

Projects, which purchase or construct capital assets. Typically, a capital project encompasses a purchase of land or construction of a building or facility, with a life expectancy of more than 10 years.

CASH BASIS:

The method of accounting under which revenues are recorded when received in cash and expenditures are recorded when paid.

CASH FLOW BUDGET:

(CASH BUDGET) A projection of the cash receipts and disbursements anticipated during a given time period.

CERTIFICATE OF DEPOSIT:

A negotiable or non-negotiable receipt for monies deposited in a bank or other financial institution for a specified period for a specified rate of interest.

COLA:

Cost of Living Allowance.

CONCURRENT OR CONCURRENCY:

The improvements that are in place at the time the impacts of development occur, or that the necessary financial commitments are in place. Public facilities and services shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current services levels below locally established minimum standards.

CONTINGENCY:
