POLICE DEPARTMENT- CHIEF JASON LALIBERTE

DATE: 04/13/2020
TO: MAYOR SCHAUB AND TOWN COUNCIL
FROM: CHIEF JASON LALIBERTE
RE: EATONVILLE POLICE DEPARTMENT'S
MARCH 2020 REPORT

General

We are adapting to unprecedented times due to the COVID-19 epidemic. As a Department we are following best practices suggested by Governor Inslee's office, the Washington State Association of Sheriffs and Police Chiefs (WASPC), and surrounding law enforcement agencies. My Officers have the appropriate personal protection equipment large in part to the Pierce County Sheriff's Department and the PC Department of Emergency Management. I continually provide them updates in regard to protection, response, enforcement, and COVID-19 trends.

Public Safety Committee

There was no public safety committee meeting in March.

Management Activities

Officer Duran was in Army Reserve training for most of March. He returned April 4th but only to receive "full activation" orders beginning April 7th and ended up to 177 days later. Officer Wade stepped up and covered several of Duran's shifts on overtime.

On March 16th, 2020 at about 5:46 am the Pierce County Sheriff's Department (PCSD) responded to a residence in town regarding a domestic violence call involving a weapon. PCSD Deputies responded and discovered the female victim had been physically assaulted by her live-in boyfriend. He held her captive for a period (not allowing her to call 911) and forced a handgun into her mouth threatening to kill her. The suspect fled and was later taken into custody by PCSD. This was a major investigation and it was necessary to utilize the PCSD Criminal Investigation Bureau (CIB) for the investigation. I have attached an itemization report outlining the *approximate* cost of this investigation. 8 Deputies were involved in the initial response and/or subsequent apprehension of the suspect (not included in cost estimate).

The attached report supports the advantage of utilizing PCSD special services on a per-capita versus a per incident basis.
