RE: EATONVILLE POLICE DEPARTMENT'S

Public Safety Committee Requests

Recent Events

Training

All mandatory training was completed in 2016. The 2017 training (to include defensive tactics, first aid, active shooter, emergency vehicle operations, and legal updates) are scheduled for the first half of 2017. Summer and winter Firearms have also been scheduled.

I will be attending a 40 hour command college course in early March.

Officer Gill is continuing his training at the State Academy. His first midterm grades have been in the 90 percent range.

Officer Anderson will be attending a child abuse/domestic violence summit in April.

Management Activities

- Officer McGuire has been working hard on our transition to the Lexipol Policy manual. This policy manual will be updated automatically as case law changes. The Lexipol Company will keep the department abreast of these requirements and recommend changes when necessary. This process will ensure that our department is meeting local, state, and federal standards. This initial manual may

take several months to complete. I will update the mayor and council when the policy manual is completed.

- The 2017 Training Schedule is finalized and several of us have already attended 2017 mandatory classes.
- Review of Town Codes and enforcement procedures is ongoing.
- We are assisting the School District with their campus security assessments.
- Our third Safe Streets meeting was held on 2/7 with only a few in attendance. We spoke about issues ranging from telephone and internet frauds that are currently in fashion, to traffic and pedestrian safety. I will attempt to get a newsletter of sorts out to those that have attended past meetings in an attempt to get the word out about the group. The March safe streets meeting is cancelled due to my training conflict. I would like to encourage residents to attend the April 4th meeting. It will be held at 5:30 pm at the Visitor's center.
- In light of the recent snow event, we have been coordinating with Pierce County Department of Emergency Management for resupply of sand and sand bags in the event that a rapid snow melt causes localized flooding issues. Thanks to Steve Mckasson for thinking ahead.

Significant cases

I was informed by the Prosecutor's office that the Commercial Burglary/Forgery arrest that we made over the summer and fall netted the arrestee a sentence of more than 70 months. The arrestee (who was related to several other calls and complaints) should spend at least the next few years in prison. Good work by your Eatonville Officers as well as the P.C.S.D. Mountain Detachment.
